

Technician position at the Institute of Environmental Sciences and Technology (ICTA-UAB).

The Institute of Environmental Science and Technology at the Universitat Autònoma de Barcelona (ICTA-UAB) offers a Technician Position (« Tècnic Mitjà de Suport a la Recerca »), in the framework of the “María de Maeztu” Strategic Research Programme.

ICTA-UAB is implementing a Strategic Research Programme intended to consolidate its scientific capabilities, contribute to the leadership of Spanish research and act as an international pole of attraction for talent. The plan addresses major global environmental and sustainability challenges related to anthropogenic climate change, focusing on establishing the current state of knowledge on climate change and its socio-economic impacts, and on putting forward transformative solutions at the local and regional levels.

Tasks

- ✓ To create policies for ICTA data management, in line with MINECO and EU requirements
- ✓ To Collect all data and publications of ICTA, in collaboration with different research groups
- ✓ To keep track of all publications, verifying the inclusion of acknowledgments
- ✓ To support researchers in the daily use of data systems and ensure adherence to legal standards
- ✓ To support the ICTA Communication Office in the management of the ICTA website
- ✓ To manage the ICTA DDD (Dipòsit Digital de Documents).

Qualifications

Candidates must hold an University Degree. It will be taken into account to have obtained MSc Degree, and the work experience in data management. Candidates must prove their ability to communicate fluently in English.

Contract terms

This is a two-year contract. The contract will start on January 1, 2018.

The monthly gross salary is 1573'65 €. The work period is from Monday to Friday, from 9 AM to 2 PM (25 hours a week).

Application procedure

Interested candidates should send the application via email (pr.mdm.icta@uab.cat), by **December 12, 2017**, to receive full consideration. The application should include a current Curriculum Vitae of the applicant, copy of the academic certificate and the documentation proving the alleged merits.

The **selection process** will consist of a curricular pre-selection, and an interview in English. The results will be communicated to the candidates by email. The resolution of the process will be on December 14, 2018.
